Ads are seen by the wider target audience you define

1. Audience

Posts are seen by less than 9% of people who "Like" your Page*

Ads drive awareness and business outcomes like phone calls, form submissions and visits to your website

2. Action

Posts drive engagement by letting people Like, Comment and Share your content

Ads appear throughout the lifecycle of your campaign based on your targeting

3. Frequency

Posts only appear once and can be missed by people who "Like" your Page
